

# West Hancock Board of Education 2021-2022 District Goals

## ➤ **Promote a safe and positive school environment**

- Work to promote West Hancock as a unified district made up of the communities of Kanawha and Britt
- Continue to provide quality mental health services for students across the district through increased counselor support and our partnership with HCHS mental health professionals
- Improve communication and collaboration between school and community through multiple stakeholders

## ➤ **Improve academic performance of all students**

- All students will show an increase in their RIT score on the math and reading MAP test
- All ELL students will show growth toward exiting the program based on results from the EPLA-21 test
- Build on implementation of STEM programming

## ➤ **Showcase unique student opportunities**

- Increase recognition through marketing efforts via displays, newspapers, radio, and social media
- Increase participation and involvement in all programs through competitions, conferences and conventions, and community involvement
- Target students to encourage higher involvement in school outside of the classroom

## ➤ **Engage and motivate students through instructional strategies that meet the needs of a 21st century environment.**

- Increase on-time completion of inherent responsibilities of staff and students
- Ensure current technologies and resources purchased by the district are being taught, used, and showcased across the district

## ➤ **School board participation and involvement**

- Attend at least one conference or meeting outside the local level
- Be visible in school buildings during school hours and school events
- Be engaged with, and available to all stakeholders in the district
